VITAL MAGNETISM

As Possessed and Daily Exemplified by the Boy Phenomenon.

What It Has Done For the Sick and Suffering of Akron in Three Weeks—Some Well-Known Citizens Who Have Been Cured.

Enthusiastic People In Every Ward of Our City Sounding Praises of the Boy Phenomenon and His Wonderful Power.

Trumpet notes of truth. Like music to the afflicted. Telling truth of public good. Telling how they have been cured. How you can be cured. Telling of burdens lifted, pains removed. Comfort, happiness and health. Facts that cannot be gained. Proven easy by your friends. Because Akron people say so. It's not what we say. Nor what some one said 100 miles from here. It's what our neighbors say. What your own friends say. That's the proof that counts.

When therefore such old and well-known citizens as Mrs. Theresa Bowers of Summit Hill, says she has suffered for five years with torturing pains that only rheumatism can give, that she had tried all kinds of medicine and different methods, but found no relief until she was treated and cured by the wondrous power of vital magnetism, you have got to believe there is merit in magnetism, or else discredit the statements of your most prominent citizens.

Mrs. A. Marsden of 210 Park street has been a great sufferer from rheumatism 18 years. She was told there was no such thing as magnetism. She said she preferred to find out for herself. Ask her what she thinks of the Boy Phenomenon. One treatment cured her and made her a convert.

While he will remain in Akron two weeks longer, no new cases will be accepted after Saturday night, July 8, therefore those who wish treatment should call at once. Office hours 10 a.m. to 4 p.m. and 7 to 8 evenings.

We have a hot water coil for use in the Jahant Hot Blast Furnace.

The Jahant Co., 166 South Howard St.

RESIGNED.

(Continued from First Page.)

was again up for discussion. The citizens are anxious to have it paved, as rapidly as possible. One of the features of contention in reference to the matter is whether it will be practicable to pave the summit of the hill with brick. Council and the Commissioners have about agreed to pave the top of the hill, for a distance of about 100 feet, with block stone. (Citizen Wm. Schrader, a property-holder living near the hill, in a few remarks to Council, told of his being agreeable to the above plan. The citizens are urging that the improvement be made soon, and Mr. Schrader did not refrain from casting considerable reflection on the Commissioners for impeding the progress of the work. The matter was referred to the Street committee.

Ordinances and Resolutions.

Ordinances to change the wording in the motion suspending rules for second reading with the ordinance giving conducting privileges to the Central Union Telephone Co. A mistake had occurred in the City Clerk's minutes for the meeting of April 18, 1899.

Ordinance to sprinkle North Summit st., from Market to St. Paul's Episcopal parsonage. Passed.

Ordinance to sprinkle West Market street. Passed.

Ordinance to pay claims audited July 3. Passed.

Resolution rescinding a resolution to improve N. Summit st., from Market to Furnace. Adopted.

Resolution to provide a stone sidewalk on east side of First st. Passed.

Resolution rescinding resolution to improve Campbell st., from Coburn st., to Ohio canal. Adopted. A resolution was also adopted to improve Campbell st., from Coburn st., to the Ohio canal.

Resolution rescinding a resolution to construct a main trunk sewer running through Gilhooly's property in district No. 4. Adopted. This resolution was adopted at Council meeting two weeks ago. It was found necessary to make some changes in the course. After these changes are made the sewer will be constructed.

Resolution to construct a main trunk sewer in districts 1, 6, 8 and 9. Adopted.

Ordinance to construct a main trunk sewer in district No. 9. Referred to the Ordinance committee.

A Resolution

To improve East Market street from the west line of Buchtel avenue to the east line of Case avenue.

Resolved, That the council of the city of Akron, Ohio, do hereby declare that it is necessary and expedient to improve East Market street from the west line of Buchtel avenue to the east line of Case avenue by grading the same to the established grade, curbing with stone, guttering and paving the same with brick, block stone or asphalt, or gutters with brick or stone, and the same with the Medina stone now in the said street properly redressed, said street to be improved to a uniform width of thirty-six (36) feet from the west line of Buchtel avenue to the east line of Case avenue between cross lines, all in accordance with the plans, profiles and specifications on file in the office of the city engineer. That the cost and expense of said improvement (except one-fifth and the cost of intersection) shall be paid by the Akron Street Railway & Illuminating company, its successors or assigns, and the said company shall pay its portion of said street in proportion to the benefits which may result from said improvement.

Said assessment shall be payable in six (6) equal annual installments and bonds shall be issued in anticipation of the collection of the same, provided that the assessment shall in no case exceed the limitations imposed by section 220 of the revised statutes of Ohio, and it is further provided that any public property bounding or abutting upon said portion of East Market street in proportion to the benefits which may result from said improvement.

Said assessment shall be payable in six (6) equal annual installments and bonds shall be issued in anticipation of the collection of the same, provided that the assessment shall in no case exceed the limitations imposed by section 220 of the revised statutes of Ohio, and it is further provided that any public property bounding or abutting upon said portion of East Market street in proportion to the benefits which may result from said improvement.

Said assessment shall be payable in six (6) equal annual installments and bonds shall be issued in anticipation of the collection of the same, provided that the assessment shall in no case exceed the limitations imposed by section 220 of the revised statutes of Ohio, and it is further provided that any public property bounding or abutting upon said portion of East Market street in proportion to the benefits which may result from said improvement.

Said assessment shall be payable in six (6) equal annual installments and bonds shall be issued in anticipation of the collection of the same, provided that the assessment shall in no case exceed the limitations imposed by section 220 of the revised statutes of Ohio, and it is further provided that any public property bounding or abutting upon said portion of East Market street in proportion to the benefits which may result from said improvement.

Said assessment shall be payable in six (6) equal annual installments and bonds shall be issued in anticipation of the collection of the same, provided that the assessment shall in no case exceed the limitations imposed by section 220 of the revised statutes of Ohio, and it is further provided that any public property bounding or abutting upon said portion of East Market street in proportion to the benefits which may result from said improvement.

Said assessment shall be payable in six (6) equal annual installments and bonds shall be issued in anticipation of the collection of the same, provided that the assessment shall in no case exceed the limitations imposed by section 220 of the revised statutes of Ohio, and it is further provided that any public property bounding or abutting upon said portion of East Market street in proportion to the benefits which may result from said improvement.

PREVENTING CONSUMPTION—The Cure of Catarrh the most Potent Factor in the Prevention of the Ramsey Practice the Culmination of Years of Experience—It is by This Treatment That Catarrh is Cured and Consumption Prevented.

Dr. Ramsey has always told the people that he has no cure for Consumption in its later stages, but he has abundantly demonstrated by proof beyond question from cured patients that his treatment will cure the conditions that invite the disease.

The germs of Consumption never found lodgment in the lungs of a healthy person. The history of nearly every case of Consumption is the same story—contracting and neglecting a cold, sore spots forming in the Nose and Throat, and discharging offensive matter, the sores eating down into the Bronchial Tubes, followed by a constant painful cough, extreme weakness, emaciation and hectic fevers, and finally invading the Lung structures, resulting in an ulcer and a cavity.

This is the history of the kind of Consumption that is so common and so fatal in this climate, because in the sores of the lungs the Tubercle Bacilli finds in their natural breeding grounds multiply without number and feed upon the tissues until the inevitable early passing away of another victim of neglected cold.

Doctor Ramsey has always maintained that the ravages of this disease could be stayed and prevented, and for convincing proof has to show that scarcely a single person out of the many who have been under his care and treatment has ever been known to develop Tubercular Disease.

The Germs of Consumption from the air can only enter the system when they find raw, sore, discharging spots in the breathing tubes, and every person who neglects a cold until it has become chronic, until in danger of Consumption whenever he breathes the air that has just been breathed out by one who has Tubercular Consumption, but with the bodily strength built up to the proper standard, the danger from the development of Consumption passes away.
